

**UC Santa Cruz Three Year Pathway: ENVIRONMENTAL STUDIES**  
**2023-2024 Catalog Requirements**

Three year pathways are most appropriate for students who plan a single major, who have satisfied the Entry-Level Writing Requirement before their first quarter, and who are committed to enrolling in Summer Session. Courses listed as “Any X credit class” may be decreased based on AP or other transfer credit.

This is a sample plan. Work with your major advisor to devise a plan that takes into account your transfer credit, interests, and career goals.

\* This assumes the student has taken the Math Placement Exam (MPE). Students who place higher than AM 3 may instead take a different course that satisfies the MF GE requirement.

\*\* ENVS-190 satisfies the senior exit requirement. Alternatively, students can take ENVS-196, ENVS-195A&B, or ENVS-183A&B to satisfy the exit requirement.

\*\*\*Total credit count includes the 1-unit Orientation Course taken the summer before the start of year 1

The following general education requirements will be satisfied through required courses in the environmental studies major: SI, SR, PE, PR, DC.
