Students are admitted to UCSC with a "proposed major" in most cases, and later petition to officially declare the major. Admission to UCSC does not guarantee acceptance into a particular major. Students must be declared in a major by the end of the second year (or equivalent), so learning about and preparing for a major is a primary goal for first-year students.

**Major:** LATIN AMERICAN AND LATINO STUDIES

This major is not highly sequential or course intensive. Although it is advisable to begin taking courses toward the major in the first year, it is not required.

**Importance of an early start:**

Completion of LALS 1 and an LALS lower division course with C grades or higher are required to declare the major.

**Qualification requirements and/or prerequisites for the major:**

- Although not required yet, students may choose to take the Spanish Placement Exam to identify their starting point in Spanish language: [http://language.ucsc.edu/placement/spanish.html](http://language.ucsc.edu/placement/spanish.html).

(We recommend students take Spanish or Portuguese early, since students are expected to learn to speak, read and write in Spanish or Portuguese and to make use of these skills on a regular basis in their academic work.)

**Frosh who intend to pursue this major should do the following things prior to the beginning of fall term...**

- Students who intend to pursue Portuguese language will find information about placement at [http://language.ucsc.edu/placement/portuguese.html](http://language.ucsc.edu/placement/portuguese.html).
