DCL ID: GEN-08-09

June 20, 2008

SUBJECT: National SMART Grant Program – List of Eligible Majors for Academic Year 2008-2009

SUMMARY: This letter provides the list of academic majors eligible for the National SMART Grant Program for the 2008-2009 award year.

Dear Colleague:

The final regulations for the National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) Program, published on October 29, 2007, provided a mechanism for institutions of higher education to request that additional majors be designated as eligible majors for which otherwise eligible students could receive a National SMART Grant. Dear Colleague Letter (DCL) GEN-08-02, published February 6, 2008, invited institutions of higher education to submit requests for additional majors to be designated as eligible majors for the National SMART Grant Program for the 2008-2009 award year. In response to DCL GEN-08-02, institutions submitted 33 requests for additional eligible majors. The 33 requests proposed that 26 new majors be included. Two requests were for majors already on the list of eligible majors: CIP code 11.0101, Computer and Information Sciences, General and CIP code 30.1901, Nutrition Science.

Under §401A(c)(3)(C)(i) of the Higher Education Act of 1965, as amended, an otherwise eligible student must pursue a major in the physical, life, or computer sciences, mathematics, technology, or engineering or a critical foreign language to be eligible for a National SMART Grant. Because none of the requested additional majors fulfill this statutory requirement, no additional majors will be designated as eligible majors in the National SMART Grant Program for the 2008-2009 award year. Rather, the current list of eligible academic majors as published in DCL GEN-07-06 will carry over to the 2008-2009 award year. The complete list of eligible majors for award year 2008-2009 is provided as an attachment to this letter.

Thank you once again for all your support and assistance in awarding National SMART Grants to eligible students. If you have any questions regarding eligible majors, please contact Sophia McArdle at 202-219-7078 or by e-mail at sophia.mcardle@ed.gov.

Sincerely,

Vince Sampson
Principal Deputy Assistant Secretary
Office of Postsecondary Education

Attachment

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.
National SMART Grant -- Fields of Study

The Secretary has designated particular majors in the following fields of study as eligible for the National SMART Grant Program to the extent that a student is enrolled in a bachelor's degree or a graduate degree program that includes at least 3 academic years of undergraduate education.

Computer science: The branch of knowledge or study of computers, including such fields of knowledge or study as computer hardware, computer software, computer engineering, information systems, and robotics.
Associated NCES CIP CODES: 11.xxxx

Engineering: The science by which the properties of matter and the sources of energy in nature are made useful to humanity in structures, machines, and products, as in the construction of engines, bridges, buildings, mines, and chemical plants, including such fields of knowledge or study as aeronautical engineering, chemical engineering, civil engineering, electrical engineering, industrial engineering, materials engineering, manufacturing engineering, and mechanical engineering.
Associated NCES CIP CODES: 14.xxxx

Foreign Language: Instructional programs that focus on foreign languages and literatures, the humanistic and scientific study of linguistics, and the provision of professional interpretation and translation services.
Associated NCES CIP CODES: 16.xxxx

Life sciences: The branch of knowledge or study of living things, including such fields of knowledge or study as biology, biochemistry, biophysics, microbiology, genetics, physiology, botany, zoology, ecology, and behavioral biology, except that the term does not encompass the health professions.
Associated NCES CIP CODES: 26.xxxx; 01.xxxx

Mathematics: The branch of knowledge or study of numbers and the systematic treatment of magnitude, relationships between figures and forms, and relations between quantities expressed symbolically, including such fields of knowledge or study as statistics, applied mathematics, and operations research.
Associated NCES CIP CODES: 27.xxxx

Natural Resources and Conservation: Instructional programs that focus on the various natural resources and conservation fields and prepare individuals for related occupations.
Associated NCES CIP CODES: 03.xxxx

Physical sciences: The branch of knowledge or study of the material universe, including such fields of knowledge or study as astronomy, atmospheric sciences, chemistry, earth sciences, ocean sciences, physics, and planetary sciences.
Associated NCES CIP CODES: 40.xxxx
Psychology: Instructional programs that focus on the scientific study of the behavior of individuals, independently or collectively, and the physical and environmental bases of mental, emotional, and neurological activity.
Associated NCES CIP CODES: 42.xxxx

Technology: The application of mechanical or scientific knowledge, for example, applied science.
Related NCES CIP CODES: 41.xxxx; 29.xxxx 15.xxxx

Several Multidisciplinary Studies are also considered eligible for National SMART Grants.
Associated NCES CIP CODES: 30.xxxx

NOTE: Classification under the 2-digit CIP code alone does not qualify a major to be a National SMART Grant-eligible major. A major must be classified by its institution with a 6-digit CIP code from the following list of 6-digit CIP codes to be considered an eligible major for the National SMART Grant Program.
