ELECTRICAL ENGINEERING

This is a course-intensive and/or highly sequential program, and students who intend to pursue this major must begin taking classes for the major in their first term at UCSC.

Admission to this major is selective. In order to declare this major, students must meet the BSOE’s Proposed Major Status Policy. Students will be accepted to the major based on their grade point average in the foundation courses. Detailed information about admission to this major will be available to students in the 2017-2018 General Catalog and also on the BSOE Undergraduate Major Qualification website (http://ua.soe.ucsc.edu/major-qualification/) in the fall.

- Attend summer orientation and review degree requirements.
- Determine your math placement by completing an assessment in ALEKS as soon as possible, and by July 23 at the very latest. See https://mathcoach.sites.ucsc.edu for information about ALEKS. If you completed a college-level math course, or scored 3 or better on an AP calculus exam, or 5 or better on an IBH mathematics exam, you may be able to use that for placement instead of the ALEKS assessment. See https://mathcoach.sites.ucsc.edu/courses/course-credit/ for information on placement based on college courses or AP/IBH.
- Students with college-level transferable courses must mail or email a copy of the transcript to Baskin School of Engineering Undergraduate Advising by July 1, in addition to providing the official transcript to the UCSC Admissions Office.

Depending on Math Placement:

**Option 1)** MATH 3: Precalculus, or MATH 19A: Calculus for Science, Engineering and Math **AND** a programming course such as CMPS 5P: Intro. to Programming in Python or CMPS 5J: Intro. to Programming in Java

**Option 2)** MATH 19B: Calculus for Science, Engineering, and Math **AND** PHYS 5A AND PHYS 5L: Intro. to Physics I/Lab

- Fundamental essential skills in mathematics, abstract and critical conceptual thinking, problem solving, oral and written communication and time management.

Be sure to attend a BSOE orientation. Come to summer orientation, fall orientation during Fall Welcome Week, or both!
